

RAIKAN ILMU

CELEBRATE KNOWLEDGE

ABOUT RAIKAN ILMU

Raikan Ilmu was first launched by Yayasan MENDAKI in October last year to create a movement within the community to embrace lifelong learning as part of our culture. This year, Raikan Ilmu 2020, will be held for the second time in the same month.

Regardless of Covid-19 pandemic, we believe learning should continue and can take place anytime, anywhere. In line with this and the theme 'Embrace Learning, Strengthen Resilience' for the Raikan Ilmu 2020, we are excited to bring to you various digital learning opportunities that you and your family can participate in October.
